May-Port CG School Dist.

Jeffrey Houdek, Principal  
May-Port CG Middle/Elem. School

### Outstanding Hot Lunch Balances

The parents/guardians of May-Port CG Students will be notified if their child has a negative lunch balance. An automated notice will be sent daily when their account balance is negative. A low balance notification will be sent via an automated message system until the account is paid. Parents/guardians may change how they receive the instant alerts, either via text message, email, or voice mail, in the parent's PowerSchool account.

The May-Port CG School Board has decided lunch balances may not be carried over from the previous year. All negative lunch balances remaining after September 1 will be turned over to the school attorney for collections.

Student lunch balances can be viewed in the parent's/guardian's PowerSchool account. You may also contact the school to inquire about current lunch balances. Parents have several options to pay for student meals. Parents can pay in the office using cash, check or credit card. Credit card payments can also be made online. This can be accessed on our school website at [www.may-portcg.com](http://www.may-portcg.com).

If the student brings money on a given day, the student will be allowed to eat that day with no regards of the negative balance.

Because good nutrition is key to the optimal growth and development of children, we make every possible attempt to reach parents/guardians before meal charging becomes a problem. If charging meals is a continuous problem for an individual student, that particular student's charge privileges may be suspended.

Free and reduced-price meal applications are available at every school and will be accepted at any time during the school year. If you have any questions or need assistance in filling out the application please call Michael Bradner @ 701-788-2281.
